Contract Services

THE SERVICES WE OFFER

We provide expert advice on all aspects of contracts and commercial arrangements within the built and natural environment for WSP projects and clients worldwide.

The Contract Services team includes quantity surveyors, schedulers, engineers, project managers, expert witnesses and commercial managers to deliver a range of solutions to contractual and commercial issues. We have considerable experience of leading forms of contract in the UK and overseas and can supply specialist advice on the New Engineering Contract, ICE & JCT Contracts, Early Contractor Involvement and Private Finance Initiatives.

Our approach is based on providing senior level expertise at the start of projects with considerable other resources available as projects progress, to deliver bespoke support and solutions to our clients.

PROCUREMENT

The areas of contract procurement for which the Contract Services team provides support includes:

- Procurement strategies
- Advice on and preparation of contract documentation
- Instructions for Tenderers and Conditions of Contract
- Specifications, Methods of Measurement and Drawings
- Quantity Surveying, Bills of Quantities, Schedules of Rates and Price Lists
- Tender Analysis and Report Production
- Strategic risk management advice
- Estimates, Target Costs and Cost Planning
- Contract Reviews

COST AND COMMERCIAL MANAGEMENT

The Contract Services team also provides cost and commercial management including:

- Estimating, rate and cost build-ups
- Negotiation and agreement of target costs, agreement of actual costs and final settlement of client's/contractor's share
- Agreement of interim measures and variations/compensation events
- Change control management
- Monitoring and auditing costs
- Budget management and Earned Value Analysis
- Settlement of final accounts
- Commercial management

PLANNING AND PROGRAMMING

Contract Services have a specialist team providing planning and programming services including:

- Production of high level programmes
- Production of detailed contract and working programmes, incorporating procurement and information schedules
- Ongoing assessment of programmes and progress updates
- Quantitative Risk Analysis
- Forensic claims analysis (programming)

DISPUTE RESOLUTION

Dispute resolution is a specialist area within Contract Services and is supported by a team of experienced practitioners and expert witnesses in engineering, planning and quantum to provide:

- Advice on claims negotiations
- Support during dispute resolution
- Analysis of contractor's claims
- Forensic claims analysis (disputes)
- Expert Witnesses
